

## In Memory of Latanya Jenkins

The Faculty Senate International Programs Committee mourns the untimely passing of Latanya Jenkins. Latanya passed away on April 13<sup>th</sup>, 2021. She was a reference librarian at Temple's Charles Library, and one of her areas of focus was Africology and African American Studies. She traveled widely and won awards for her work. She served members of the library devotedly, and Temple students thoroughly enjoyed her addressing of various research facilities, such as freshmen learning research skills in an English 802, "Analytical Reading and Writing" course. Latanya led them through such sessions on research with considerable devotion and enthusiasm.

At the time of her passing, Latanya was serving her third consecutive term on the FS International Programs Committee, the maximum number of terms a member can serve. Her commitment to various issues addressed by the committee was evident to all members. Even as late as October 2020, she attended an online meeting of the IP Committee. When a committee member suggested showcasing the work of Temple students on international campuses, Latanya proposed speaking also to the library's Scholar Share team and provided the necessary link.
