

I previously chaired the RPPC and currently serve on the Graduate School Board. I am eager to work with President Fry to help strengthen Temple during this pivotal period. We are facing significant challenges, and if they are not addressed thoughtfully, the University risks losing much of the progress it has made. I have been deeply engaged in the strategic issues surrounding our enrollment challenges, particularly the impact of our 99% acceptance rate on the quality and sustainability of our academic programs. I would welcome the opportunity to contribute to the decisions that will shape Temple's future and help position the University for long-term success.
